NEWSLETTER

ISSUE NO 2 | AUGUST 2021 |

Dear Members

The inter-provisional challenges were a great success and we would like to thank all that made these challenges so successful. This shows us that we as an endurance community are resilient and we will ensure that our sport will survive.

Congratulations to all the individual and provisional team winners.

We are also excited for the upcoming 120km and 160km inter provincial challenge that will be held in October 2021 in Kathu and hope that we once again will have a fiercely contested provincial competition. The entries will open on 1st September 2021.

We are currently in the process of getting our dates from the provinces for our rides in 2022 and are hopeful that we will again have some international teams competing in 2022. We hope that through the increase of vaccinated people, we will have some more normality to our endurance season in 2022 and that we again have our famous Fauresmith ride.

Unfortunately our sport had to say farewell to many of our riders, supporters and their families. Our deepest condolences to all of you.

Please keep on adhering to all Covid rules and please also support the endurance rides for the rest of 2021. A last thought from Winston Churchill

No hour of life is wasted that is spent in the saddle
Winston Churchill

Till our next newsletter, keep on riding and stay safe
